

It's Pretend

I am going to be watching a play called The Addams Family Musical

A play is like a movie or video but it's not on my TV or tablet!

There will be people on stage and they will be dressed up.
Sometimes they sing and dance

And sometimes there will be scary parts.

But it is pretend.

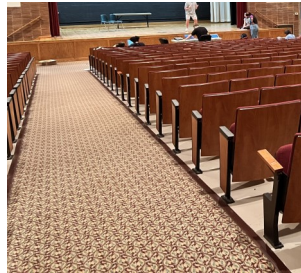

It is make-believe.

Some of the people will be dressed up like ghosts. They are just pretending.

Sometimes it looks like people are hurting each other. They are just pretending.

Some of the people might come near my seat. It's okay! It's part of the play.

I will see a hand that moves without a body. That's silly! It's just pretend.

I will see a giant spider. He won't hurt anyone.

There will be a monster under a bed. He's friendly.

There might be loud noises. I can cover my ears or wear headphones.

Sometimes lights might go on and off. It's okay. They aren't broken.

It might look like there is smoke. Don't worry, there isn't a fire.

Pretend and make-believe are fun!
